**Online @: [www.pedigreesales.co.uk](http://www.pedigreesales.co.uk)**

## Welcome to the 3rd annual young breeding stock sale from Caramba Beef Shorthorns.

I want to sincerely thank all of you for supporting our previous sales. I am very grateful to the buyers and underbidders who have grasped the online sales concept and supported the sale in the way that you have.

The 2018 sale is now the 3rd year for us to offer the best young stock from the Caramba herd using the Pedigree Sales platform.

When we first launched in 2016 the aim was to market our Beef Shorthorns to as wide an audience as possible without any of the sale cattle having to leave the farm until they were ready to travel onto their new home. This has been the greatest success with some of our Beef Shorthorns going direct from our farm to their new homes in many different parts of Ireland, Northern Ireland, England, Wales & Scotland.

When we set about developing the site. The challenge was to design a web platform whereby we could showcase our annual sale cattle. We knew that year on year we would only have a relatively small number of animals in our sale. The site was then designed with this in mind and using a very simple design. The brief was to give viewers to the site the option to bid and buy. They would be able to view both photos and a video of each sale animal. We feel in general this is exactly what has been created on the Pedigree Sales platform. However as with many things that are new - they don't always operate as they were intended to and during our 2nd sale in 2017, disaster struck when our site crashed leaving everyone locked out just as the curtain was about to come down on some final bids. Thankfully we completed a closing sale re-run in the days that followed and our bidders got to secure their animals of choice. I am very grateful for the support and understanding that was received from many of you during this period.

With each sale we have adapted and taken on board suggestions. Therefore this years sale will be a one day only event.

Each lot number is allocated a particular selling time-slot. (See lot time schedule). Each lot number will open for bids at a specific time for only 10 minutes, If there is a counter bid inside the last 3 minutes, then 3 minutes is added to the closing time. (This is to allow for a reply bid).

Also a new feature in the bidding process is the bidder will have the opportunity to place a pre-bid or proxy bid. When the sale lot opens for bidding.

*Caramba sale ladies, in for a huddle on a showery Autumn's day!*

## Caramba 2018 selling schedule

|        |                  |        |                  |

**Upperhill Champ**

**Sire** Bushypark Ultra

**Bennekerry Cash**

**Sprys Patents Ace G38**

**Dam** Caramba Rothes Helen

**Uppermill Rothes Moonstone**

**Caramba Kinvara**, is the current All Ireland Champion Sr. bull calf. Has a fantastic pedigree. Sired by Bushypark Ultra out of the very popular overall bred Champion at Balmoral show in 2016. Caramba Rothes Helen, (Kinvara is Caramba Helen's 1st calf).

***Sells Sat. 21st April between 3pm & 3.10pm, get on early and don't miss the Kinvara lad, if he leaves just one like his mammy you won't have any regrets. Kinvara's progeny will be easy fleshing, correct and powerful.***

Caramba Rothes Helen

### Upperhill Champ

**Sire** Bushypark Ultra

**Bennekerry Cash**

**Ardoyne Bombus**

**Dam** Uppermill Secret Scent

**Trunley Secret Scamp S037**

**Caramba Ultra Kilt**, sired by Bushypark Ultra. Kilt's Dam is a very well structured female from the Secret cow line. (Uppermill Secret Scent). Caramba Ultra Kilt has plenty of stretch to him and I would expect him to produce excellent framed quality females.

**Sells Sat 21st April between 3.20pm & 3.30pm, Kilt is the last of the Bushypark Ultra sons to sell in the 2018 sale. Kilt has 6 half sisters in the sale. Is it possible that his daughters will have similar quality to these?**

Uppermill Secret Scent

| <b>Average daily gain</b>       |                 | 0.8                   |               |
| <b>Ancestry</b>                 | <b>Sale bid</b> | <b>€1,600</b>         |               |

**Upperhill Champ**

**Sire** | Bushypark Ultra

**Bennekerry Cash**

**Glengloy Dollar**

**Dam** | Branaigh Yvonne 10th

**Branaigh Yvonne 3rd**

**Caramba Yvonne**, sired by Bushypark Ultra out of Branaigh Yvonne 10th a Glengloy Dollar daughter, who's a son of Glenisla Zinzan. Yvonne was bottle reared as her dam suffered an injury after she was born. It set her back slightly to begin with, however she has since made up ground and will make a smashing cow.

**Sells Sat. 21st April between 3.40pm & 3.50pm, Caramba Yvonne represents real value bred her to a red bull for those beautiful roan colours.**

### Lowther Eclipse

**Sire** | Heir Apparent Of Longfield

**Tarrant Xerodraba**

**Glengloy Dollar**

**Dam** | Barnaigh Lovely Xotic 5th

**Barnaigh Lovely Xotic 3rd**

**Caramba Lovely Xotic**, from the Lovely family a daughter by Heir Apparent, by the dam Barnaigh Lovely Xotic 5th who's son we ran with the autumn calving heifers because we think so much of this cow line. Lovely Xotic has a good frame size and the scope to stand well in any herd she has great bone and structure with length.

**Sells Sat. 21st April between 8.40pm & 8.50pm, bidding on Lovely Xotic is the last chance today. However there is nothing chancy about Lovely Xotic. Thank you.**

**Free delivery from our farm to yours Ireland & UK**

**Online @: [www.pedigreesales.co.uk](http://www.pedigreesales.co.uk)**

***Reference sire: Bushypark Ultra & his progeny***

**Bushypark Ultra**, purchased direct off the cow (for a bad price) from fellow breeder and friend John Keane. Ultra's maternal pedigree is mainly of Irish genetics, with Deerpark, Highfield & Glasgeivnagh sires, together with a long Dam line from Ballingarrane, & Knockgraffon. The top half of Ultra's pedigree really was very attractive mainly because of the progeny I had seen from Ultra's sire Upperhill Champ who's a Eionmor Ultra 8C son . Champ's genetics also included Uppermill Loch Alsh.

I believe that Ultra has crossed well over the Uppermill cows at Caramba by bringing out some softness & sparkle. We hope that you will agree.

***Bushypark Ultra - Sale Progeny class of 2017***

***Farm to farm free delivery Ireland & UK.***

**Reference sire: Heir Apparent of Longfield & his progeny**

**Heir Apparent of Longfield**, purchased at the Stirling bull sales in 2016, as Junior and Reserve Overall Champion for 7,800gns. Heir Apparent was bred by Tina Russell & Simon Farmer. He is a son of Lowther Eclipse, who's a tremendous son of Blelack Rupert. Heir Apparent's Dam Tarrant Xerodraba came through a line of Chapelton floss cows.

We are well impressed with The Heir's 1st progeny which includes two quality young bulls in Leprechaun & Lancelot. His females are the youngest in this years sale. One very catchy roan heifer "Lookthisway" together with a Ladonna (Red) & Lovely Xotic (White) both have shown tremendous growth rates with plenty of stretch to them,

**Online @: [www.pedigreesales.co.uk](http://www.pedigreesales.co.uk)**

**Reference sire: Carrarock Chalkie & his progeny**

**Carrarock Chalkie**, was originally purchased while still suckling his mother from breeder Padraig Chalke in Co. Mayo. The very moment I saw Chalkie I knew he had to be purchased and so he was. I remember getting Chalkie home and my friend and fellow breeder who's mentioned here on another page called over to see the new bull. Now, if I wasn't fully convinced myself of Chalkie's quality my friend Mr. K soon convinced me as he offered me €1000 over what I had paid.

Many of you may be aware, Chalkie sold as Sr. & Reserve Overall Champion at the Stirling bull sales in 2014 to Robert & Rosie Leach of the Warmington herd. His progeny has done very well in the UK showing circuit as Robert & Rosie retained all his heifer calves from three calving crops. The opportunity to re-purchase Chalkie in 2017 was another chance I couldn't pass.

This year we have two females sired by Chalkie. I really don't know what to say about Chalkie's progeny that hasn't already been said or from what is evident by his progeny's success to date. Lil & Lovable are two real Chalkie ladies.

Lot 2, Lil

Sells 4pm €2,400

Lot 7 Lovable

Sells 5pm €3,000

**Carrarock Chalkie - Sale Progeny**

**Farm to farm free delivery Ireland & UK.**

**Reference sire: HC Free Spirit 6Y & his progeny**

Lot 6  
Leanna  
4.40pm  
€2,200

**HC Free Spirit 6Y**, is Canadian bred by Grant Alexander, and was their National Reserve Champion. Free Spirit's progeny are modern, easy fleshing beef cattle. The 2017 All Ireland Sr. Heifer calf Caramba Hottie Koo is a Free Spirit daughter. The mating of Spirit to Katrina has produced Leanna who is a well balanced, square heifer, typical progeny sired by FS out of one of my favourite cows in the herd.

**Reference sire: Caramba Beefeater Jim & his progeny**

Lot 17  
Mary Rose  
8.20pm  
€2,000

**Caramba Beefeater Jim**, is a home bred bull, who's Dam is Clipper 861X of Upsall this is a excellent producing cow line. Jim, is sired by the prolific show champion Podehole Beefeater, bred by Sally & Charles Horrell, We sold Beefeater Jim in our first online sale and we were lucky enough to use him on one the original foundation cows Lettermuckoo Rose before he left. Caramba Mary Rose has a lot of potential, with solid pedigree.

**Reference sire: Caramba Hush & his progeny**

Lot 13  
Arwen  
7pm  
€2,400

**Caramba Hush**, was a home bred bull sired by the Australian bull Spry's Patient Ace. We sold Caramba Hush at the Irish Shorthorn Society Premier sale in Roscommon as a weanling, he was purchased by the Uppermill herd, and used on heifers before been sold at Stirling bull sales as a 2 year old to the Balgay herd. We then purchased the Dam of Arwen lady in-calf to Hush. Hush like his sire is easy calving, easy fleshing, his progeny are square with plenty of muscle, without it being anywhere near extreme. This daughter of Hush, Caramba Arwen Lady comes from a popular dam line with plenty of milk and lovely tidy udders.

## Sales Platform: FAQ for Pedigree Sales website:

### What is Pedigree Sales?

Pedigree Sales is an online auction platform that has been designed for farmers to purchase pedigree or commercial livestock. This year is solely for the sale of Caramba Pedigree Beef Shorthorn Online Sale 2018

In the future, the platform will create a wider window of opportunity for breeders to showcase their animals and we will alert the public as soon as Pedigree Sales has been updated to allow outside sellers to come on board. Buyers from across the UK and Ireland will be able to pre-view and purchase their next generation of livestock!

### Can anyone register?

Yes, provided that the applicant owns livestock within the UK and Ireland and is the holder of a valid herd number. If you are outside the UK and Ireland and you wish to bid you will then need to contact the office for approval. Remember that you only need to register if you intend to bid, you can still view all the action without the need to register.

### How do I bid and buy animals?

Bidding on an animal is very straightforward. Below is a guide to help you get started.

Each sale lot number is scheduled to open for bidding at a specific time slot. Example: Lot 1 in the Caramba sale on the 21st April 2018 is listed to open to accept bids from between 3pm and 3.10pm. (Remember, to bid you must be registered, with Pedigree Sales and logged on to the website).

After the opening bid is placed, each follow-on bid will be placed in €100 increments. When your bid is winning while the auction is live, a winning badge will be displayed within the main photo to indicate that your bid is currently the winning bid.

The winning badge will disappear when you have been outbid.

In addition, once a user makes a bid he/she will be notified via email when they have been outbid and when they have won/lost the on the auction once it comes to an end.

When the timer is below 3 minutes and a bid is placed, an extra 2 minutes of time will be added to the auction.

Please, if possible do not wait to place last second bids, As you run the risk of your bid not reaching our servers before the clock counts down. (this can be for many reasons, slow internet connection, another bidder placing his/her bid at the same moment as you. - if that happens the computer server will identify which bid was first.

If a proxy bid or Pre-bid, is in play against you, the computer server will recognise this and immediately out bid your bid. (see how proxy bid works on the next page)

### How does the countdown timer work?

It is important that you make sure the clock on your device is synced with our auction timer at GMT + 1. If your clock is not synced you may miss out on the bid time frame. (Guide is available on how to sync your timer on the website). You will also be prompted to verify that your clock is in sync when you first login on the website.

Listing or Lot numbers are open for 10 minutes. When the timer is below 3 minutes and a bid is placed, an extra 2 minutes of time will be added to the auction.

## Sales Platform: FAQ for Pedigree Sales website:

### How does Proxy bid work?

Proxy bid or Pre-bid can be set once the specific lot is open to accept bids.

When the lot number opens to accept bids at its allocated time slot you will be able to view a bidding section. (This isn't in view until the bidding opens)

The bidding area will look like the section below, and is located in the lot numbers main page. To set a proxy bid select the + sign until you reach your proxy amount and press the bid button.. The computer server will then bid on your behalf until it reaches your proxy amount. (**It will only bid on your behalf if another user increases the current asking price**).

The bidding area will look like the section below,

**Example how to place a proxy bid: Simply add the amount you would like by pressing the + option until you reach your proxy bid or pre bid amount. (The below example) It's €1,300 and the current bid is €400 and then press Bid button.**

#### Test Listing

Current bid: €400.00

This Listing is for testing purposes only, please do not make a bid.

Time left:

Auction ends: March 30, 2018 11:19 am

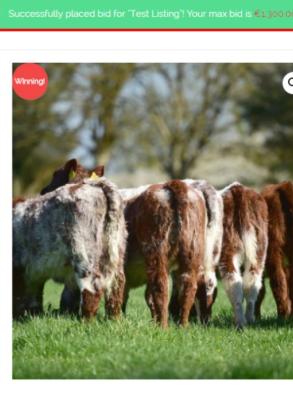

Timezone: UTC+1

Current bid: €400.00

Your max bid is €1,300.00

1300

Once you place your proxy bid you will see the following on your screen.

#### Test Listing

Current bid: €500.00

This Listing is for testing purposes only, please do not make a bid.

Time left:

Auction ends: March 30, 2018 11:19 am

Timezone: UTC+1

Current bid: €500.00

Current bid remains at €500

Your max bid is €1,300.00

Your proxy bid has been set at €1300

600

Your Proxy bid has now been set, the current bid has only gone up by €100 while your max bid (Proxy bid) is at €1,300. Now when another user makes a bid the increments will still go up, but you will remain the winning bidder until the combined bids (of other users) goes above €1,300 (in this proxy example).

If you are unable to bid online but want to place a bid can I still do so?

Yes, The Pedigree Sales office team will register your details via a telephone call to the office and they can place a Proxy (Pre-bid) on your behalf. Please indicate your intention to use this option any time before the sale day itself. We can't accept this option on the sale day.

Can I visit farm to see the cattle?

Yes, we have arranged a farm open day for **Saturday 14th April**, you will see the Caramba cow herd / 2018 calves, and all of the 2018 sale cattle. All visitors are welcome & we encouraged you to visit.

Open day meeting point: **Mother Hubbard's, Kilcolgan, County Galway between 11am and 11.30am.** (Light refreshments will be provided).

Thank you, Tommy Staunton, I can be reached at +353 86 6047333

**We are delighted to offer semen.  
For sale from the below named Beef Shorthorn bulls**
